### Real Stories | One Stage

*Real Stories/One Stage* is an original theater performance based on real-life stories of those who have or are experiencing homelessness. In past years it has been written and directed by Illusion Theater, starring both professional actors and Stepping Stone residents. Included in the evening is a reception, silent auction, and three-course dinner.

The evening is a powerful reminder of the real struggles that those experiencing homelessness go through and how Stepping Stone is there to help, guide, and support them so they work so hard to never experience homelessness again.
